THE BMW 5 SERIES TOURING.
HIGH PERFORMER.

AMBITION RAISED.
IN FULL COMMAND OF ITS TERRITORY – THE ROAD.

OUTSTANDING PERFORMANCE THANKS TO BMW TWINPOWER TURBO ENGINES
IMPRESSIVE EFFICIENCY THANKS TO BMW EFFICIENT DYNAMICS TECHNOLOGY
IMPROVED DYNAMICS THANKS TO EFFICIENT LIGHTWEIGHT CONSTRUCTION
INCREASED SAFETY THANKS TO OPTIONAL BMW ICON ADAPTIVE LED HEADLIGHTS
IN SHORT: A LONG WAY AHEAD.
SPORTY AND ELEGANT ATMOSPHERE IN THE INTERIOR || DYNAMIC FORM || HIGH-QUALITY MATERIALS || SPACIOUSNESS AND COMFORT
EVERY CONTOUR A SIGN OF CHARACTER.

CHARACTERISTIC REAR DESIGN HORIZONTAL DESIGN EMPHASISES A FIRM STREET BEARING CLASSIC BMW L-SHAPED REAR LIGHTS IN A NEW STREAMLINED AESTHETIC OPPOSING SIDE TAILPIPE DESIGN
NEW AND INTUITIVE OPTIONAL USER TECHNOLOGIES:
THE INTELLIGENT BMW GESTURE CONTROL || THE INNOVATIVE TOUCH DISPLAY || THE INTELLIGENT VOICE CONTROL SYSTEM
A SMALL GESTURE – A BIG HELP.
IT DOESN'T SET LIMITS – IT EXPANDS THEM.

INDEPENDENT OPENING TAILGATE WINDOW
VERSATILITY CAN BE THIS ATHLETIC. IN ADDITION TO INTELLIGENT BMW TECHNOLOGIES AND INNOVATIVE OPERATING CONCEPTS, THE BMW 5 SERIES TOURING OFFERS UNIQUE DYNAMIC DRIVING CHARACTERISTICS. GET READY TO EXPERIENCE UNMATCHED AGILITY AND THE UTMOST IN PRECISION HANDLING. ALL THAT COMBINED WITH SPACIOUSNESS, GENUINE COMFORT AND VERSATILE FUNCTIONALITY CAN PRODUCE ONLY ONE THING: UNIVERSAL DRIVING PLEASURE.
The Intelligent Start/Stop function enhances driving comfort with the help of the interaction of the navigation, camera and radar data. It switches the engine off only when an extended standing time is expected and the energy required to start the engine is likely to be lower than that saved when it is shut down.

BMW EfficientDynamics includes not only the engine and drivetrain, but rather the whole vehicle concept, including intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW has managed to reduce the CO₂ emissions of its fleet by 33% since 2000.

BMW EfficientLightweight stands for intelligent lightweight construction that contributes significantly to increased driving dynamics and efficiency. Weight reduction is the basis for the best driving dynamics and exemplary efficiency. Weight-optimised materials such as high-tensile steel, aluminium and magnesium are utilised when constructing various components.

BMW ConnectedDrive
So connected, you’re free.

www.bmw.co.uk/connected

BMW Connected is a personal mobility assistant which facilitates everyday mobility and aids drivers in reaching their destinations relaxed and on time. Mobility-relevant information such as recommendations for optimal departure times are available remotely via iPhone or Apple Watch and can be seamlessly transferred into the car.

MORE THAN 20 SERVICES IN THE BMW CONNECTED DRIVE STORE.

The equipment ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for the integration of selected smartphone apps. This equipment also provides access to the BMW ConnectedDrive Store, in which services and apps can be ordered and extended easily, any time and anywhere to suit the user’s individual requirements – for example with the Concierge Service or Online Entertainment, which turn every drive into a convenient and entertaining experience.

REGISTERS UP TO 360 DEGREES OF THE VEHICLE’S SURROUNDINGS.

Enjoy the greatest convenience and the highest level of safety with BMW ConnectedDrive. For driving, parking and visibility, the BMW ConnectedDrive driver assistance systems are there when you need them, reliably, in every situation. The most cutting-edge systems, such as radar, ultrasound and cameras, dependably register the vehicle’s surroundings, forming the basis for intelligent driver assistance systems. Whether activated when desired, or as emergency assistance in the background – the assistance systems from BMW ConnectedDrive make every drive safer and more convenient.

CONNECTED FOR OVER 20 YEARS.

Focused on the future – from the very beginning. By the 1990s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 2004 with vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. In a first for a premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

REGISTERS UP TO 360 DEGREES OF THE VEHICLE’S SURROUNDINGS.

With BMW Connected, in touch 24/7.

What would it be like if you were never late again? What if your BMW already knew your preferred destinations? How would you like reliable navigation, whether you’re sitting in your vehicle or not? BMW Connected provides you with the information you want, when and where you want it. BMW Connected is a personal mobility assistant which facilitates your everyday mobility and aids you in reaching your destinations relaxed and on time. With the BMW Connected app, mobility-relevant information such as recommendations for optimal departure times are available at any time via smartphone or smartwatch and can be seamlessly transmitted to the car.

BMW CONNECTED

BMW Connected is a personal mobility assistant which facilitates everyday mobility and aids drivers in reaching their destinations relaxed and on time. Mobility-relevant information such as recommendations for optimal departure times are available remotely via iPhone or Apple Watch and can be seamlessly transferred into the car.

PARKING ASSISTANT PLUS

Parking Assistant Plus makes parking and manoeuvring the vehicle easier. It features Surround-view including Top-view, Remote 3D view, Panorama view, PDC and Park Assist with linear guidance, which parks the vehicle parallel or perpendicular automatically. The system works by measuring potential spaces while driving past at a low speed.

DRIVING ASSISTANT PLUS

Driving Assistant Plus offers greater comfort and security during monotonous or complex driving situations. These can include traffic jams, stop-and-go traffic or long journeys through the city, on country roads or motorways, along with navigating junctions and lane changes.

REMOTE 3D VIEW

With Remote 3D View, images of the parked vehicle’s surroundings can be viewed on a smartphone. The function can be activated via the BMW Connected App (for iOS). It also allows the user to observe the area around the vehicle as a 3D image.

Available as optional equipment.

Part of Parking Assistant Plus.
The optional intelligent BMW xDrive all-wheel drive system smoothly and variably distributes drive power to the front and rear wheels for maximum traction, driving dynamics and safety in every driving situation. For even better agility, the electronically controlled power distribution counterbalances over and under-steering on bends, among other things.

The eight speed Sport automatic transmission offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or the gear lever - for comfortable coasting or incredibly dynamic driving. In SPORT mode and with the gear lever in the left-hand S/M position, the gear shifts are configured for maximum performance.

The optional Variable Damper Control (VDC) makes it possible to adjust the damper characteristics to suit any given driving situation, increasing comfort and driving dynamics. In addition to the standard COMFORT setting for increased driving comfort, the SPORT program offers athletic damper settings.

Adaptive Drive, optionally available, combines the active body roll stabilisation Dynamic Drive and Variable Damper Control (VDC) for need-based control of the stabilisers and dampers. At the same time this ensures outstanding driving comfort levels with hardly any noticeable body roll, which in turn permits higher speeds and shorter braking distances when taking bends.

M Sport suspension is lowered by roughly ten millimetres. It also features shorter suspension springs and tighter damper settings, as well as harder stabilisers. Together these result in improved traction and reduced body roll, which in turn allows for an extremely athletic driving style.

The extremely torsionally stiff but light body construction provides the basis for sporty driving dynamics, high-precision steering and agility. Additionally, it offers the passengers the best possible all-round protection.

LED headlights with Adaptive headlights, variable city and motorway light distribution optimally illuminate the road ahead. Even at a standstill, the integrated cornering lights are automatically activated by signalling or turning the steering wheel and are active at speeds of up to 35 mph.

Dynamic Safety is the BMW ConnectedDrive preventive passenger protection system. Dynamic Safety warns the driver if it detects signs of tiredness, safety belts are pre-tensioned in critical situations, electric seats are returned to upright positions and the windows and sliding roof are closed. After an accident occurs, the brakes are automatically applied until the car reaches a standstill.

The Lane Keeping Assistant with active side collision protection. Assists the driver at speeds between 43 mph to 130 mph by means of comfortable corrective steering interventions, helping to stay in lane and actively prevent potential side collisions.
SE model equipment highlights:

- 17'' light alloy V-spoke style 618 wheels
  (520i / 520d / 520d xDrive only)
- 18'' light alloy Multi-spoke style 619 wheels
  (530i / 540i xDrive / 530d / 530d xDrive only)
- Air conditioning, automatic with two-zone control
- Ambient lighting
- Automatically retracting and lowering load cover
- Automatic transmission with gearshift paddles
  (520i / 520d / 520d xDrive only)
- Drive Performance Control
- Eight-speed sport automatic transmission
  (530i / 540i xDrive / 530d / 530d xDrive only)
- Interior trim, Aluminium fine cutting with Pearl Chrome highlight
- LED headlights
- Navigation system - BMW Professional Multimedia
- Roof rails, Matt Silver
- Split-folding rear seat (40:20:40)
- Sport leather steering wheel, three-spoke
- Tailgate operation, automatic
- Tailgate window, independent opening

---

Roof rails in Matt Silver form an elegant base for the easy attachment of the multipurpose BMW roof rack unit. Available to purchase from Genuine BMW Accessories.

---

The ergonomic cockpit with clear view of controls and premium-quality materials.

---

Generously proportioned interior, shown here with Dakota leather seats in Black with Exclusive stitching and Aluminium fine cutting interior trim with Pearl Chrome highlight.
M Sport model interior equipment:
- Door sill inlays with illuminated BMW M designation
- Headlining, Anthracite
- Instrument panel in Sensatec
- Interior trim in Aluminium Rhombicle with Pearl Chrome trim finisher, other trims available
- M-specific floor mats
- M-specific key
- M Sport leather steering wheel with multi-function buttons
- Sport seats for driver and front passenger in Dakota leather

In the premium-quality interior, the M specific leather steering wheel and Aluminium Rhombicle interior trim with Pearl Chrome highlight show off the sporty character.

M Sport model exterior equipment:
- 18” light alloy M Double-spoke style 662 M wheels (520i / 520d / 520d xDrive only)
- 18” light alloy M Double-spoke style 664 M wheels (530i / 540i xDrive / 530d / 530d xDrive only)
- BMW Kidney grille with vertical slats in Black High-gloss and grille frame in Chrome
- Exclusive paintwork in Carbon Black, other paintworks available
- Exhaust tailpipe trim in Chrome, quadrilateral, left and right
- Exterior mirror caps in body colour
- High-gloss Shadowline exterior trim
- LED foglights
- M aerodynamic bodystyling
- M designation on the front side panels
- M Sport suspension
- M Sport braking system with brake callipers in Blue and featuring M designation (530i / 530d xDrive / 530i / 540i xDrive only)

Dakota leather seats in Night Blue with Exclusive stitching and contrast piping highlight the dynamic interior.

The high-performance M Sport brakes are distinguished by exclusive Blue brake callipers with M designation and outstanding braking performance. (530i / 540i xDrive / 530d / 530d xDrive only).
To ensure that all your wishes come true, the BMW Individual collection offers a virtually inexhaustible range of equipment options for the BMW 5 Series Touring.

The athletically elegant character is enhanced as much by the BMW Individual paint finish in Champagne Quartz metallic as the BMW Individual Full Merino leather trim in Smoke White. In combination with the 20" light alloy wheels, the exterior also clearly demonstrates that the exclusive BMW Individual equipment embodies perfection down to the last detail.

Requests for even greater distinctiveness and exclusivity, all the way to handcrafted one-off pieces, can be granted by BMW Individual Manufaktur.

BMW INDIVIDUAL.
The expression of personality.

The BMW 5 Series Touring, inspired by BMW Individual.

To ensure that all your wishes come true, the BMW Individual collection offers a virtually inexhaustible range of equipment options for the BMW 5 Series Touring.

BMWM INDIVIDUAL INTERACTIVE
WITH THE BMW INDIVIDUAL APP FOR IOS AND ANDROID.

BMW Individual Full Merino leather in Smoke White with weave-look stitching, hand-woven piping and contrast-colour stitching.

BMW Individual Full Merino leather in Smoke White and headliner in Anthracite, as well as decorative elements in Piano Black.

1Includes leather upholstered instrument panel, upper portion in Black Nappa with contrast stitching and lower portion in Merino leather to match the upholstery.
With a touch of the car key, the rear window can be opened up separately to put in or take out luggage. A particularly practical feature: When the rear window is opened, the roller cover goes up automatically and when manually closed, it automatically covers the luggage compartment.

Comfort Access allows keyless entry to the vehicle via both the driver and passenger doors as well as the bootlid. It includes handle-area lighting in the outside door handles, front and rear.

The soft-close function pulls the slightly open door shut automatically and almost silently.

Remote Control Parking allows the driver to conveniently exit the vehicle before parking it via remote control by moving it forward into, or reversing out of, a tight parking space or garage. The driver activates the remote-controlled parking function from outside the vehicle via the BMW display key.

The BMW Icon Adaptive LED Headlights include BMW Selective Beam, cornering lights and adaptive headlights. The light colour is similar to daylight and provides an ideal, even illumination of the road to improve visibility and make driving in the dark less tiring. The iconic light design with four light elements makes the vehicle recognisable as a BMW even at night.

Remote backrest unlocking for the rear seats allows the rear seat backrests to be unlocked and folded down conveniently via a button in the luggage compartment.

The eight-speed Sport automatic transmission offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or gear lever. (Exclusively available for 530i / 540i xDrive / 530d / 530d xDrive).

The Ambient Air package comprises both fragrance dispersion and air ionisation functions. There are eight fragrances to choose from all specially composed for the vehicle.

The BMW display key shows various information about the vehicle’s status and allows selected functions to be controlled with an integrated touch display.

Rear-seat Entertainment Experience includes two separate 10.2” colour screens that can be tilted and a Blu-ray drive. This makes it possible to use the navigation system or the internet while on the road (with an existing mobile phone contract). Features remote control and ports for MP3 players, games consoles and headphones (including wireless headphones).

Storage compartment in luggage compartment floor for sunblind/cover.

The BMW display key shows various information about the vehicle’s status and allows selected functions to be controlled with an integrated touch display.

Standard equipment
- Two-zone automatic air conditioning with extended features, allows the driver and front passenger to individually adjust temperature. Includes rear air vents, AAR (automatic air recirculation) and auxiliary ventilation function.
- Two-zone automatic air conditioning with extended features, allows the driver and front passenger to individually adjust temperature. Includes rear air vents, AAR (automatic air recirculation) and auxiliary ventilation function.
- Enhanced Bluetooth with wireless charging offers a comprehensive telephony package with Bluetooth connectivity and the technical capacity for a WiFi hotspot. (Subject to separate data contract)²
- The BMW Icon Adaptive LED Headlights include BMW Selective Beam, cornering lights and adaptive headlights. The light colour is similar to daylight and provides an ideal, even illumination of the road to improve visibility and make driving in the dark less tiring. The iconic light design with four light elements makes the vehicle recognisable as a BMW even at night.

The iconic light design with four light elements makes the vehicle recognisable as a BMW even at night.

² Inductive charging for Qi-compatible mobile phones is possible. Special charging cases are available from Genuine BMW Accessories for smartphones that do not offer Qi inductive charging.
EQUIPMENT HIGHLIGHTS.

- The roller sunblind with mechanical blinds for the two rear side windows provides protection against strong direct sunlight and helps prevent the interior from heating up too quickly. They also maintain privacy in the rear of the car.

- Automatic air conditioning with four-zone control comes with the equipment included in automatic air conditioning with two-zone control with extended features, along with two air vents in the B columns. Additionally, the rear passengers can individually adjust their own climate via a separate control element with display.

- BMW Night Vision with pedestrian recognition makes people and large animals visible on the Control Display from a distance using infrared imaging and illuminates them with the Dynamic Light Spot in the main headlight. An additional warning system is also automatically activated when the vehicle is started, regardless of the status of the imaging display.

- The full-colour BMW Head-up Display projects all information relevant to the journey directly into the driver's field of vision.

- With BMW Gesture Control, certain functions can be operated by means of defined hand movements. For certain operations the system will for example recognize gestures such as “swiping” or “pointing” for accepting or rejecting an incoming call, or circular motions of the index finger to adjust volume.

- Ambient lighting creates a relaxed, cozy lighting atmosphere in the interior, and features vicinity illumination in the exterior door handles. There are eleven predefined light designs available in six different colours, with contour and ambient lighting on the instrument panel, door trim and centre console.

- Parking Assistant Plus makes parking and manoeuvring the vehicle easier. It features Surround-view including Top-view, Remote 3D view, Panorama view, PDC and Park Assist with linear guidance, which parks the vehicle parallel or perpendicular automatically. The system works by measuring potential spaces while driving past at a low speed.

- The reversing assist camera enables improved orientation when reversing at speeds below 10 mph, for example when parking. It shows the area behind the car on the Control Display. Interactive track lines for measuring distance and turning circles assist the driver when manoeuvring, obstacles are marked in colour.

- Apple CarPlay preparation supports the convenient and wireless use of a selected iPhone functions in the vehicle. This allows iPhone content, along with functions such as music, messages, Telefon, Siri, navigation and selected third-party apps to be displayed and operated via the vehicle’s user interface and via Voice Control. Please note, for purchases of Apple CarPlay via the ConnectedDrive store after production, vehicles must be fitted with Enhanced Bluetooth with wireless charging.

- The Digital Cockpit with Black panel technology and a high resolution 12.3” screen provides a highly impressive visualisation of the driving experience. Three different modes and their specific displays – each of which have their own colour scheme and graphic style – can be displayed in the instrument cluster: COMFORT, ECO PRO and SPORT.
EXTERIOR COLOURS.

The colours printed above are intended to provide you with a first impression of paints and materials available for your BMW. Experience has shown, however, that printed images of paint, upholstery and interior trim colours cannot faithfully reproduce the actual appearance of the originals. We recommend therefore that you consult your BMW Retailer who will be able to show you original samples and assist with any requests.
